CRESTON VALLEY  
TOWN of CRESTON

## Official Community Plan Update

**December 5, 2016, Creston, BC** –What does it look like to put together an Official Community Plan that will really make a difference?

Town staff, Councillors, community and student volunteers have been hard at work! We've been spending weeks pulling together community input from thousands of residents, information from over 30 background studies and cutting edge policy to build a plan that is made in Creston, for Creston. We are working hard to achieve the high standards expected by the community for our new Official Community Plan!

Stay tuned for more information on how our Official Community Plan is taking shape.
