

The Creston Work Experience Program has been one of the most challenging and rewarding things I have ever done in my life. It has given me so much in helping me achieve my goal of becoming a career firefighter as well as helping me grow as an individual.

The training, experience on calls, courses, and resources available have all been beneficial and I am so thankful for all that the program offers. I have felt like part of a family in Creston. Everyone I have the privilege of working with has always had my back since day one and I cannot thank everyone enough. The friendships I have made here will last a lifetime.

Thank you, Creston Fire Rescue, for giving me the opportunity and helping to build the foundation for who I will be as a firefighter and a person going forward as I start my next chapter as a career firefighter for the City of Kamloops. I highly recommend this program to any aspiring firefighters looking to achieve their goal.
