MANAGEMENT REPORT

Management is responsible for the preparation of the accompanying consolidated financial statements. The financial statements have been prepared in accordance with the accounting principles disclosed in Note 1 to the consolidated financial statements and include amounts that are based on estimates and judgements. Management believes that the financial statements fairly present the Town of Creston's consolidated financial position and results of operations. The integrity of the information presented in the financial statements, including estimates and judgements relating to matters not concluded by fiscal year-end, is the responsibility of management. The financial statements have been approved by Council.

Management has established and maintained appropriate systems of internal control including policies and procedures, which are designed to provide reasonable assurance that The Town of Creston's assets are safeguarded and that reliable financial records are maintained to form a proper basis for the preparation of the financial statements.

The independent external auditors, Apex Accounting, Chartered Professional Accountants, have been appointed by Council to express an opinion as to whether the consolidated financial statements present fairly, in all material respects, the Town of Creston's financial position, results of operations, and changes in financial position in conformity with the accounting principles disclosed in Note 1 to the consolidated financial statements. The report of Apex Accounting, Chartered Professional Accounts, follows and outlines the scope of their examination and their opinion on the consolidated financial statements.

Steffah Klassen, CPA, CA

Director of Finance and Corporate Services

May 11, 2021

INDEPENDENT AUDITORS' REPORT

To the Mayor and Council Town of Creston

Opinion

We have audited the accompanying financial statements of the Town of Creston, which comprise the consolidated statement of financial position as at December 31, 2020, and the consolidated statements of operations, changes in net financial assets and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Town as at December 31, 2020, and its financial performance and its cash flows for the year then ended in accordance with Canadian Public Sector Accounting Standards.

Basis For Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Town in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian Public Sector Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Town's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Town or cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Town's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

INDEPENDENT AUDITORS' REPORT, continued

Auditors' Responsibilities for the Audit of the Financial Statements, continued

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to
 fraud or error, design and perform audit procedures responsive to those risks, and obtain audit
 evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not
 detecting a material misstatement resulting from fraud is higher than one resulting from error, as
 fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of
 internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion of the effectiveness of the Town's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Town's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements, or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of the auditors' report. However, future events or conditions may cause the Town to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Town of Creston

Notes to the Consolidated Financial Statements for the year ended December 31, 2020

General

The Town of Creston (the "Town") was incorporated in 1924, under the Local Government Act of British Columbia. The Town's principal activities include the provision of local government services to residents of the incorporated area. These include administrative, protective, transportation, health and welfare, water, sewer and parks.

1. Significant Accounting Policies

a. Basis of Presentation

The Consolidated Financial Statements of the Town of Creston (the Town), which are the representation of management, are prepared in accordance with Canadian Public Sector Accounting Standards as prescribed by the Public Sector Accounting Board (PSAB). The Consolidated Financial Statements reflect the combined results and activities of the reporting entity which is comprised of the Operating, Capital and Reserve funds controlled or owned by the Town. Inter-fund transactions have been eliminated on consolidation.

- i. Operating Funds: These funds include the General, Water and Sewer operations of the Town. They are used to record the operating costs of the services provided by the Town.
- ii. <u>Capital Funds</u>: These funds include the General, Water and Sewer Capital Funds. They are used to record the acquisition and disposal of property and equipment and their related financing.
- iii. Reserve Funds: Under the Community Charter, Town Council may, by bylaw, establish statutory reserve funds for specified purposes. Money in a reserve fund, and interest earned thereon, must be expended by bylaw only for the purpose for which the fund was established. If the amount in a reserve fund is greater than required, Town Council may, by bylaw, transfer all or part of the balance to another reserve fund. Reserves created as non-statutory segregations of surplus do not have the same formal restrictions as those created by bylaw.
- iv. <u>Trust Funds</u>: These funds account for assets which must be administered as directed by agreement or statute for certain beneficiaries. In accordance with PSAB recommendations on financial statement presentation for local governments, trust funds are not included in the Town's consolidated financial statements. Trust funds administered by the Town are presented in Note 10.

b. Revenue Recognition

Sources of revenue are recorded on the accrual basis and include revenue in the period in which the transactions or events occurred that give rise to the revenues, and expenses in the period the goods and services are acquired and a liability is incurred or transfers are due. Taxation revenues are recognized at the time of issuing the property tax notices for the fiscal year. Sale of services and user fee revenues are recognized when the service or product is rendered by the Town. Grant revenues are recognized when all eligibility criteria has been met. Revenue unearned in the current period is recorded as deferred revenue.

c. Investments

Investments are carried at market value. Accrued interest and any accrued gains and losses are recognized when investments are adjusted to reflect market value.

d. Use of Estimates

The preparation of financial instruments in accordance with PSAB, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Significant areas requiring estimates include the useful lives of tangible capital assets for amortization, and the provision for contingencies. Actual results could differ from management's best estimates as additional information becomes available in the future.

1. Significant Accounting Policies (continued):

e. Cash and Investments

Cash and Equivalents include cash on hand, bank balances, and Municipal Finance Authority (MFA) pooled investment funds and guaranteed investment certificates.

f. Tangible Capital Assets

Tangible capital assets, comprised of capital assets and capital work-in-progress, are recorded at cost less accumulated amortization and are classified according to their functional use. Amortization is recorded on a straight-line basis over the estimated useful life of the asset commencing the year after the asset is put in to service. Donated tangible capital assets are reported at fair value at the time of donation. Estimated useful lives as follows:

Asset Type	Useful Life
Parks Infrastructure Building Structure	15-50
Building Improvements	20-50 10-40
IT Equipment/Furniture	3-10
Equipment/Vehicles Capital Lease Assets	7-25 35
Infrastructure (dependent upon component and material)	33
Transportation	10-100
Water Infrastructure	10-100
Sewer Infrastructure	10-100
Drainage Infrastructure	10-100

g. Budget Figures

The budget figures are from the Annual Five-Year Financial Plan Bylaw adopted before May 15 of each year.

h. Inventories

The inventories are stated at cost. Cost is generally determined on a first-in first-out basis. Obsolete items are written off.

i. Post Employment Benefits

Vacation and sick pay are charged in the year incurred. Sick time is non-accumulative and vacation has limited accumulation based on language in the collective agreement for CUPE employees or by administrative policy for staff. Employment contracts of certain non-union employees obligate the Town to the payment of severance and benefit amounts on termination under certain conditions.

j. Reserve for Future Expenditures

The reserve for future expenditures represents amounts set aside for future operating expenditures.

k. Statutory Reserve Funds

The use of these funds is restricted by the Community Charter and associated Municipal Bylaws. Statutory reserve funds are funded 100% by cash and temporary investments.

I. Financial Instruments

The Town carries several financial instruments. Unless otherwise noted, it is management's opinion that the Town is not exposed to significant currency or credit risks arising from these financial instruments. The fair values of these financial instruments approximate their carrying values, unless otherwise noted.

1. Significant Accounting Policies (continued):

m. Government Transfers

Government transfers are recognized as revenue in the period that the transfer is authorized, eligibility criteria, if any, have been met, and a reasonable estimate of the amount to be received can be made.

n. Contributed Tangible Capital Assets

Contributed tangible capital assets have been recognized at fair market value at the date of contribution. Developer asset contributions consist of infrastructure built by the developer as required to service newly developed lands. Upon acceptance by the Town, all risks and rewards of ownership for those assets are passed on to the Town.

0. Segment Disclosure

A segment is defined as a distinguishable activity or group of activities of government for which it is appropriate to separately report financial information. The Town has provided definitions of segments used for the presentation of financial information in segmented format (Note 20). Schedule 3 provides a table of the segmented revenue and expenses for the Town.

p. Contaminated Sites

Under PS3260 governments are required to accrue a liability for the costs to remediate a contaminated site. Liabilities are recognized when an environmental standard exists, contamination exceeds the standard, the government has responsibility for remediation, future economic benefits will be given up and a reasonable estimate can be made.

Management has assessed its potential liabilities under the standard including sites that are no longer in productive use and sites which the Town accepts responsibility. There were no such sites that had contamination in excess of an environmental standard which required remediation at this time, therefore no liability at December 31, 2020.

q. Deferred Revenue

Deferred revenue represents funds received for specific purposes which are externally restricted by legislation, regulation, or agreement and are not available for general municipal purposes as well as licences, permits, other fees and grants which have been collected, but for which the related services have not been performed and or projects have not been constructed. These amounts will be recognized as revenues in the fiscal year in which it is used for the specific purpose, the services are performed and or the projects are constructed.

2. Cash and Investments

	2020	2019
Restricted cash and investments		
Statutory Reserves (Schedule 2)	\$ 155,808	\$ 277,352
Restricted Revenues (Notes 8 and 9)	 1,108,448	1,265,808
	 1,264,256	1,543,160
Unrestricted cash and investments	 9,563,279	6,748,469
Total cash and investments	\$ 10,827,535	\$ 8,291,629

3. Accounts Receivable			
		2020	2019
Property Taxes	\$	368,256	\$ 380,078
Other Governments		483,016	535,961
Trade and other		192,812	163,852
Total accounts receivable	S	1,044,084	\$ 1,079,891

4. Deposit and Reserve - Municipal Finance Authority

The Municipal Finance Authority of British Columbia (the Authority) provides capital financing for regional districts and their member municipalities. The Authority is required to establish a Debt Reserve Fund. The Authority must then use this fund if at any time there are insufficient funds to meet payments on its obligations. If this occurs the regional districts may be called upon to restore the fund.

Each regional district, through its member municipalities who share in the proceeds of a debt issue, is required to pay into the Debt Reserve Fund certain amounts set out in the financing agreements. The interest earned on the Debt Reserve Fund, less administrative expenses, becomes an obligation of the Authority to the regional districts.

Upon the maturity of a debt issue, the unused portion of the Debt Reserve Fund established for that issue will be discharged to the Municipality. The proceeds from these discharges will be credited to income in the year they are received. As at December 31, the total of the Debt reserve fund was comprised of:

	2020	2	2019
Cash deposits	\$ 79,189	\$	81,120
Demand notes	186,543		200,123
	\$ 265,732	\$	281,243

5. Loans Receivable

Since 2008, the Creston Valley Regional Airport Society (CVRAS) has operated the Town owned airport on behalf of the Town. In 2010, Town of Creston loaned \$25,001 to the CVRAS in order to help with working capital requirements for the on-going fuel sales which the CVRAS assumed. The loan is without interest, secured either by fuel receipts or fuel inventory, and is repayable upon the end of the operating agreement and any renewals.

In 2017, The Town of Creston loaned the CVRAS \$107,000 towards the purchase of a caretaker's residence located at the airport. The loan is being repaid over 10 years with annual installments paid every November and bears an interest rate of 3%. The residence would become the property of the Town in the event that the CVRAS would discontinue operating. The balance at December 31, 2020 was \$78,174.

In 2007, general fund monies were used to payout the short term capital fund debt of \$2,000,000 obtained in relation to the 2005 Prepaid Capital Lease entered into with FortisBC Inc. (see Note 18) These funds are repayable to the general fund upon receipt of termination payment from FortisBC at the end of the 17 year term lease. Elimination of the interfund transaction has not occurred as this transaction is not in the normal course of operations and has a set contractual repayment date. The corresponding liability has been reported as long term debt in the capital fund.

	\$ 932,496	\$ 956,450

8. Federal Gas Tax

Gas Tax funding is provided by the Government of Canada and use of the funding is restricted by the terms of a funding agreement between the local government and the Union of British Columbia Municipalities. Gas Tax funding may be used towards certain public transit, community energy, water, wastewater, solid waste and Town building projects, as specified in the funding agreements. This amount is reported in the Deferred Revenue line on the Statement of Financial Position.

Federal Gas Tax Agreement Funds	2020	2019
Opening balance of unspent funds	\$ 729,300	\$ 275,713
Add: Amount received during the year	280,466	569,940
Interest earned	5,452	7,785
Less: Amount spent on eligible project costs	 (468,187)	(124,138)
Closing balance of unspent funds	\$ 547,031	\$ 729,300

9. Development Cost Charges

Development Cost Charges are restricted revenue liabilities representing funds received from developers and deposited into a separate reserve fund for capital expenses. In accordance with PSAB, the Town records these funds as restricted revenue which is then recognized as revenue when the related costs are incurred.

10. Trust Funds

The Town operates the cemetery and maintains a cemetery perpetual care fund in accordance with the Cremation, Interment and Funeral Services Act. The trust fund assets and liabilities are not included in the consolidated financial statements. At December 31, 2020, the balance of funds held in trust was \$205,011 (2019 - \$192,402).

11. Long-Term Debt

		Remaining			
Purpose	By-law	Term	Rate	2020	2019

18. Lease-in; Lease-out (LILO)

In 2005 the Town entered into a 35 year capital lease with FortisBC Inc. (formerly Terasen Gas Inc.) for the natural gas distribution system within the municipal boundary. The value of the Town's rights in the lease has been set at \$5,500,000 of which 95% or \$5,225,000 has been prepaid to FortisBC. \$3,360,000 of the funds required for this prepayment together with transaction costs (approximately\$135,000) have been borrowed from the Municipal Finance Authority (MFA). Surplus Town funds that were on deposit with MFA have been used to fund the remaining \$2,000,000. Subsequent to establishing this capital lease the Town has leased back the operation of the system to FortisBC under a 17 year operating lease through which the risks inherent in such an operation have been transferred back to FortisBC. The terms of the operating lease require FortisBC to make annual payments which will be used by the Town to pay down the MFA debt and fund new capital projects. In year 17 (2023), FortisBC has the option of terminating the capital lease and refunding the remaining portion of the prepaid amount. The Town would use this refund to pay down the remaining debt. In the event this option were not exercised, a new operating lease would be negotiated for an additional 18 years.

19. Commitments and Contingencies

a. The municipality and its employees contribute to the Municipal Pension Plan (Plan), a jointly trusteed pension plan. The Board of Trustees, representing plan members and employers, is responsible for overseeing the management of the Plan, including investment of the assets and administration of benefits. The Plan is a multi-employer contributory pension plan. Basic pension benefits provided are based on a formula. As at December 31, 2020, the plan has about 213,000 active members and approximately 106,000 retired members. Active members include approximately 41,000 contributors from local governments.

Every three years, an actuarial valuation is performed to assess the financial position of the plan and adequacy of plan funding. The actuary determines an appropriate combined employer and member contribution rate to fund the plan. The actuary's calculated contribution rate is based on the entry-age normal cost method, which produces the long-term rate of member and employer contributions sufficient to provide benefits for average future entrants to the plan. This rate may be adjusted for the amortization of any unfunded liabilities.

The most recent actuarial valuation for the Municipal Pension Plan as at December 31, 2018, indicated a \$2,866 million funding surplus for basic pension benefits on a going concern basis.

In 2020, the Town paid \$262,969 (2019 - \$255,391) in employer contributions to the plan.

The next valuation will be at December 31, 2021 with results available in 2022.

Employers participating in the Plan record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the Plan records accrued liabilities and accrued assets for the Plan in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets and cost to individual employers participating in the plan.

19. Commitments and Contingencies (Continued)

- b. The Town is responsible, as a member of the Regional District Central Kootenay, for its portion of any operating deficits or long-term debt related to functions in which it participates.
- c. The Town is a subscribed member of the Municipal Insurance Association of British Columbia (The "Exchange") as provided by section 3.02 of the Insurance Act of the Province of British Columbia. The main purpose of the Exchange is to pool the risks of liability so as to lessen the impact upon any subscriber. Under the Reciprocal Insurance Exchange Agreement, the Town is assessed a premium and specific deductible for its claims based on population. The obligation of the Town with respect to the Exchange and/or contracts and obligations entered into by the Exchange on behalf of its subscribers in connection with the Exchange are in every case several, not joint and several. the Town irrevocably and unconditionally undertakes and agrees to indemnify and save harmless the other subscribers against liability losses and costs which the other subscriber may suffer.
- d. In the normal course of a year the Town is faced with lawsuits and claims for damages of a diverse nature. The outcome of these claims cannot be reasonably determined at this time.

20. Segmented Disclosure

The Town of Creston has identified the General Government, Municipal Share of RCMP Costs, Protective Services, Transportation Services, Sanitation and Waste Removal, Cemetery Services, Community Planning, Recreation, Water Utility and Sewer Collection and Treatment as distinguishable activities of the municipality for which it is appropriate to separately report financial information.

The nature of the activities of these identified segments are as follows:

The General Government function provides for the on-going daily operations for the municipality

The Municipal Share of RCMP Costs - function are the activities associated with the cost of having the RCMP detachment in Creston including the officers, administrative and victim services staff, jailing costs as well as building costs.

The Protective Services function includes fire department, building inspection, animal control and bylaw compliance and enforcement services.

The Health and Welfare function is divided into two distinct services, Sanitation and Waste Removal and Cemetery Services.

Recreation and Community Services are divided into two distinct services, the Community Planning function administer all land development applications as zoning and Official Community Plan management, and the Recreation Services function takes care of the parks and trails in Creston.

The Water Utility function is a self funded service which is responsible for the procurement and delivery of drinking water throughout the municipality.

The Sewer Utility function is a self fund services which is responsible for the collection and treatment of wastewater for residences, commercial and industry.

The financial activities of these segments are reported in the following Schedule of Consolidated Operations by Segment (Schedule 3).

. Accumulated Surplus		
	2020	2019
Unappropriated Surplus/(Deficit)		
General Fund	\$ 2,688,445	\$ 1,094,501
Water Fund	2,077,611	1,692,777
Sewer Fund	1,897,555	1,751,768
Capital Surplus	1,086,996	1,086,996
	7,750,607	5,626,042
Less: Amount to be funded in future years (Internal debt)	(2,000,000)	(2,000,000
Less: Non-financial component (prepaids & inventory)	(434,311)	(443,564
Amount available to finance operations	5,316,296	3,182,478
Non-Statutory Reserves		
Operating Reserves	311,149	242,949
LILO	151,055	471,563
Operating Capital Replacement Reserves	2,668,584	2,298,058
	3,130,788	3,012,570
Statutory Reserves	2,120,700	3,012,370
Property purchase reserve	-	134,910
Parking reserve	33,647	33,204
Water district reserve	122,161	109,238
	155,808	277,352
Subtotal	8,602,892	6,472,400
Equity in Tangible Capital Assets	39,925,174	36,162,282
Add back unappropriated surplus amounts not available to finance		
operations	2,434,311	2,443,565
		\$ 45,078,247

The Unappropriated Surplus is the amount of Accumulated Surplus remaining after deducting the other appropriated surplus balances (see below). It is available to temporarily finance operations until planned revenues (i.e. property taxes, grants etc.) are received, or for other operating or capital purposes as determined by Council, to the extent that it is available as cash. In 2005 year, the Town used \$2.0M to finance the acquisition of LILO Assets (Notes 5 & 18), this amount will be repaid by future payments from FortisBC LILO revenues; full repayment is estimated to occur by 2023.

The Non-Statutory and Statutory Reserves are Accumulated Surplus that have been set-aside by decision of Council for a specified purpose. The Statutory Reserves have been established by bylaw in accordance with the *Community Charter* and their use is restricted by the related bylaw and legislation. In the normal course of operations, these funds will be used to finance the future services or capital works for which they have been appropriated.

Equity in Tangible Capital Assets is equal to the book value of the tangible capital assets less related long-term debt. In the normal course of operations the tangible capital assets will not be available to finance operations, but will be consumed/used to provide services, and the debt will be repaid by future period revenues.

Town of Creston Notes to the Consolidated Financial Statements for the year ended December 31, 2020

22. Subsequent Event

COVID-19

Subsequent to the year ended December 31, 2020, the world-wide pandemic of a novel coronavirus, COVID-19, began a third wave. The way of life has been significantly impacted for all residents of Creston. In turn, the Town has had to significantly alter the way it operates in order to be able to continue to provide the many essential services in the community. The Town has reviewed the financial impacts and determined that although there will be revenue losses and some unanticipated new expenses, those can be offset by Covid-19 Safe Restart Grant received from the Federal and Provincial Governments. The Town of Creston is endeavouring to keep operations functioning in a safe sustainable manner throughout this challenging time for all.

Fire Hall Project

The project to build a new fire hall is continuing in 2021. Subsequent to the year ended December 31, 2020, the Town determined that it had to do a redesign to accommodate for high increased costs of construction caused by the Covid-19 affects on the economy. It was also determined by Council to increase the budget for the actual building construction costs from \$5.4 million to \$7.0 million. It is anticipated that construction will start in the spring of 2021 into 2022. As authorized by the electorate through referendum, the Town will borrow up to \$4.5 million dollars to complete the project and may do so in tranches with timing and amounts related to the project's progress.

SCHEDULE SHOWING PAYMENTS MADE FOR THE PROVISION OF GOODS OR SERVICES

1. Alphabetical list of suppliers who received aggregate payments exceeding \$25,000

Supplier name	Aggregate amount paid to supplier
As per attached list	\$ 13,558,129
Deduct grants below	\$ 0
С	\$
Total aggregate amount paid to suppliers	\$ 13,558,129

2. Consolidated total paid to suppliers who received aggregate payments of \$25,000 or less

\$ 1.521.949
 Ψ 1,521,545

3. Total of payments to suppliers for grants and contributions exceeding \$25,000

Consolidated total of grants exceeding \$25,000	\$ 0
Consolidated total of contributions exceeding \$25,000	\$ 0
Consolidated total of all grants and contributions exceeding \$25,000	\$ 0

4. Reconciliation

Total of aggregate payments exceeding \$25,000 paid to suppliers Consolidated total of payments of \$25,000 or less paid to suppliers	\$ <u>13,558,129</u> \$ <u>1,521,949</u>
Consolidated total of all grants and contributions exceeding \$25,000	\$0
Reconciling items*	\$(4,187,736)
Total per Statement of Revenue and Expenditure	\$ <u>10,892,342</u>

* The Town prepares the schedule of payments based on actual disbursements processed through its Accounts Payable system. This provides assurance on completeness as the reported amounts are reconciled to the financial system cheque register and electronic funds transfer records. The schedule of payments is a "cash basis" listing. This figure therefore will differ significantly from the expenditures in the consolidated financial statements which are reported on an accrual basis resulting in timing differences. Furthermore, there are disbursements which are not considered expenditures including payments made to other taxing jurisdictions, tangible capital asset additions, employee payroll deductions, debt principal repayments. Conversely there are expenditures which do not involve an actual disbursement (in addition to accruals) such as amortization.
